

Mobility print (for workstation or portable device - not join to the domain)

Go to: <https://www.papercut.com/support/resources/manuals/mobility-print/mobility-print-devices/topics/en/client-setup.html>

- **Choose the drive for your operating system.**

Click [this link](#) to download and run the Mobility Print installer.

You'll be prompted to select the printers you want to use, and to enter your PaperCut username and password.

When it's time to print, just print like you normally do. Be sure to use a printer you selected when you installed Mobility Print.

Need to assign an account to your print job? You can do that at the printer or via the User Client.

Device requirements

Mobility Print supports Microsoft Windows 7+.

To see how to set up other device types, follow the links:

Windows

mac OS

macOS

iOS

iOS

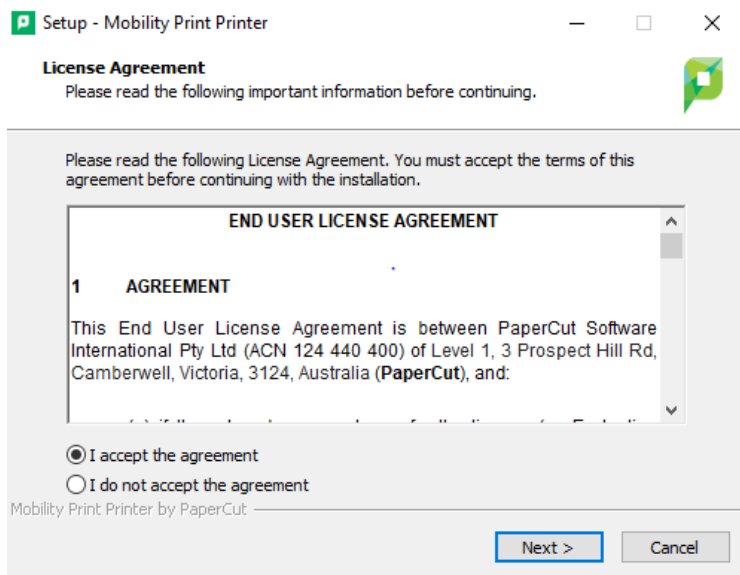

Android

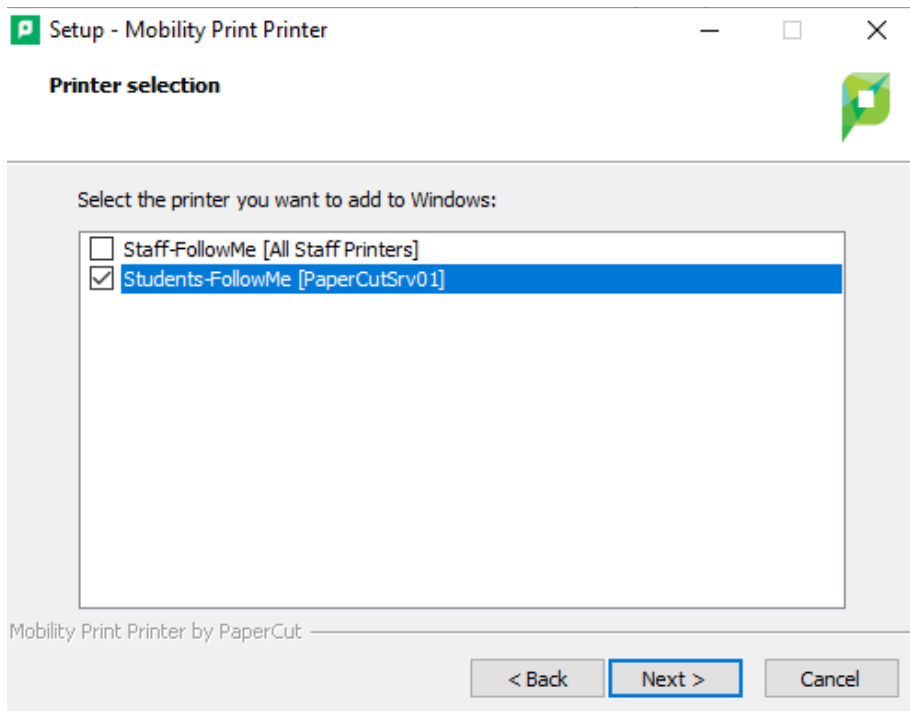

Chrome OS

- **Download the software and install, see the dialog box below.**

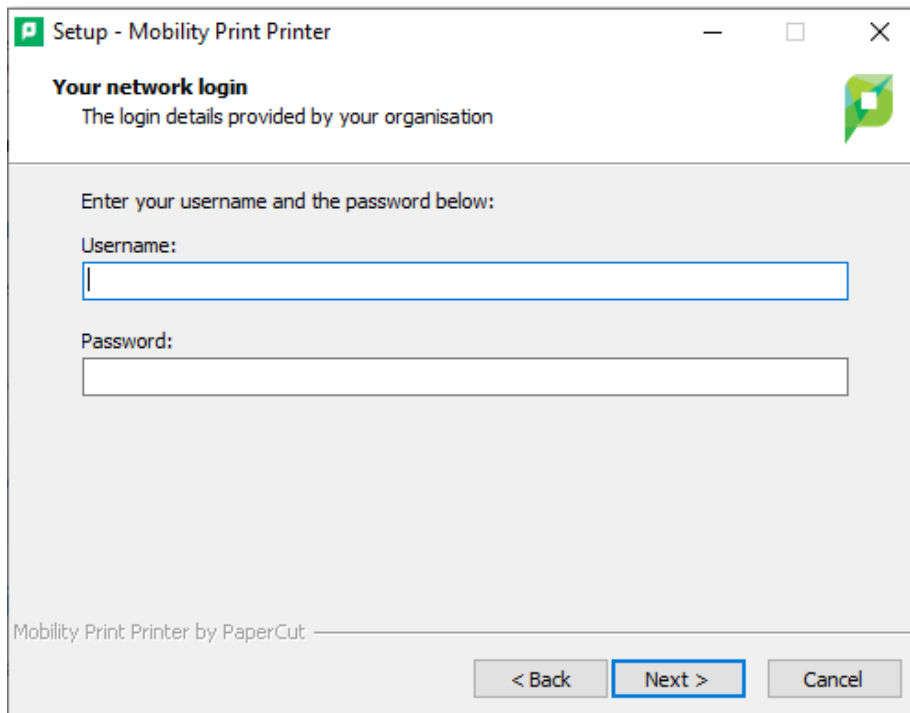

Choose the correct printer option:

- Student followMe – (for student personal laptop or portable device)

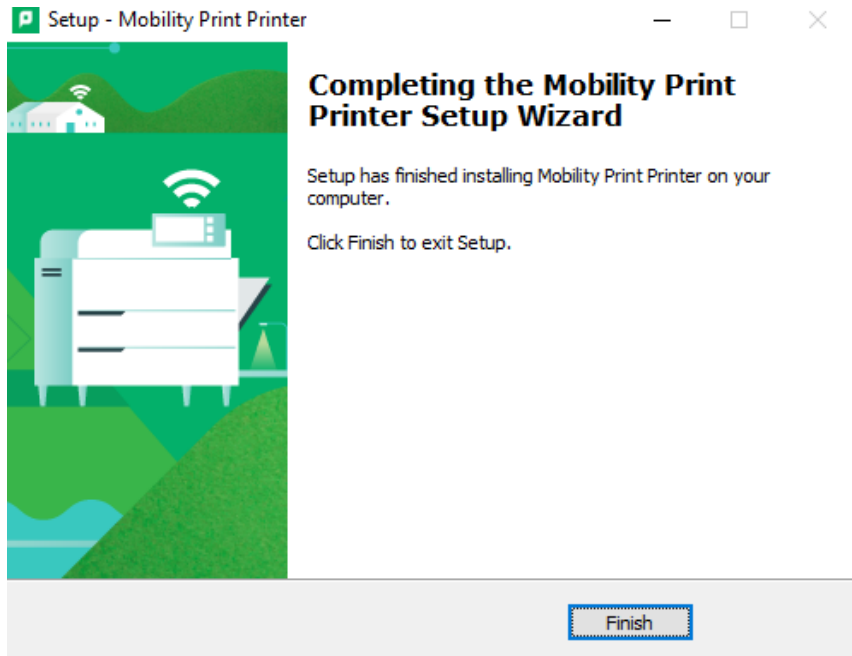

Enter your UOWD credentials:

- For Student use MyUOWD login account: (student number and password)

Then click finish to complete the installation of the printer.

Go to printer and devices section and you will be able to see the printer installed.

Student-FollowME printer mapped.
